TURBO RASP

NEW PRODUCT LAUNCH!

TURBO RASP

The **BRAND-NEW Turbo Rasp™** from Blue Builder™ is a contractor's dream tool for rasping EIFS Foam. Available in 3 different lengths to fit

any size project, the ¼" teeth won't clog and quickly glide across the surface of the foam wall, significantly reducing rasping time (**up to 3x faster**) vs. competing rasps. The best part is, this rasp is light, durable and dramatically cuts down on labor costs.

FEATURES & BENEFITS

- Lightweight and Durable Design
- Attain Truer Walls with Longer Rasps
- Can be Used for "Heavier" Rasping of the Wall When Foam Joints Do Not Lineup Well
- 1ft, 2ft & 4ft Models Available (5" Blade Width)
- Significantly Reduces Rasping Time (Up to 3x Faster)
- No Need for Chalk-line Corners on Walls
